MUHAMAD FADHLURRAHMAN

Software Engineering Student | Web & Mobile Application Development
Kabupaten Bekasi, Jawa Barat, Indonesia | Email: mfadhlurrahman361@gmail.com | Phone: 082110831497
Portofolio: **muhamad-fadhlurrahman-portfolio.vercel.app** | GitHub: https://github.com/kusunoki778

PROFESSIONAL SUMMARY

D4 Software Engineering student with hands-on experience developing web and mobile applications through academic and personal projects. Familiar with PHP, JavaScript, React, Laravel, Flutter, and relational databases, with additional experience in IT support and network troubleshooting. Seeking an internship opportunity in software development to apply technical skills, contribute to real-world projects, and continue growing as a developer.

TECHNICAL SKILLS

Hard Skills

- **Programming Languages:** PHP, JavaScript, Python, Java, C++, Dart, HTML, CSS
- **Frameworks & Libraries:** Laravel, React, Flutter
- **Databases:** MySQL, SQLite
- **Backend Services:** Firebase
- **Development Tools:** Git, GitHub, Postman, VS Code, phpMyAdmin
- **Design Tools:** Figma, Canva
- **IT Support & Networking:** Linux, LAN, Fiber Optic Installation, Computer Hardware Troubleshooting

Soft Skills

- Problem Solving
- Teamwork
- Communication
- Adaptability
- Time Management

EXPERIENCE

PT Indofarma Tbk | **IT Support Intern** | 2022 | 2 months | Vocational School Internship

- Assisted with LAN cable crimping and network installation.
- Assisted with fiber optic cable installation.
- Performed basic printer troubleshooting and resolved common printing issues.
- Assisted with laptop hardware troubleshooting and basic technical issue handling.

PT Madina Flash, Bintaro | **Technical Support Intern** | 2023 | 2 months | Vocational School Internship

- Recorded customer service data and reported smartphone and laptop issues using Microsoft Excel.
- Entered and managed service information through the company's internal application.
- Documented device damage and reported issues to support the technical inspection process.
- Checked spare-part availability based on reported device issues.

PROJECTS

TMII Information & Ticketing System

Laravel, PHP, MySQL, JavaScript | Academic Team Project

- Developed a web-based information and ticketing system for TMII, covering frontend and backend development.
- Built an administrative Content Management System (CMS) to manage website content and system information.
- Implemented features for managing tourism information, including attractions, news, articles, and visitor information.
- Developed ticket purchasing functionality to enable visitors to purchase tickets through the website.

Livora — Recycling Education & Rewards Platform

PHP, HTML, CSS, JavaScript, MySQL | Academic Team Project

- Developed a web-based educational platform focused on waste recycling and waste management.
- Created educational content about recyclable materials and proper waste sorting.
- Implemented a reward system that allows users to exchange recyclable waste for coins and redeem coins for rewards.

Recipe Sharing App

Flutter, Dart, Back4App, Cloudinary | Academic Project

- Developed a feature-rich mobile application for browsing, creating, managing, and sharing food recipes.
- Integrated Back4App for backend services and application data management.
- Integrated Cloudinary for recipe image storage and management.
- Implemented gamification features to enhance user engagement and encourage user participation.

RT Management System

Laravel, PHP, MySQL, JavaScript | Personal Project

- Developed a web application to support neighborhood administrative activities.

- Implemented features for managing resident data and community financial records.
- Added an announcement feature to facilitate communication with residents.

EDUCATION

Politeknik Negeri Indramayu | **D4 Software Engineering — Informatics Engineering** | 2024–Present | GPA: 3.60/4.00
SMK 1 Al-Hadid Cileungsi | **Vocational High School — Computer and Network Engineering** | 2021–2024

CERTIFICATIONS & TRAINING

• Belajar Membuat Aplikasi Web dengan React — Dicoding (2026)
• Belajar Membuat Front-End Web untuk Pemula — Dicoding (2026)
• Pemrograman Dart Dasar — ID-Networkers (2026)
• Red Hat System Administration I (RH124) — Red Hat (2026)
• Introduction to Data Science with Python — DQLab (2026)
